CUBE

— EXCLUSIVE —

High fashion meets superior design with the CUBE Exclusive Collection, which offers unbeatable pricing while incorporating the finer touches one would expect from any luxury line. This collection, which is dominated by our amazing women's eyewear, elevates the CUBE aesthetic to dazzling new heights in terms of both stylish styling and gorgeous finishing. The CUBE Exclusive Collection features premium frames that are distinguished by tasteful colour touches and high calibre hinge flex quality. It is as trend forward as any of our ranges. In order to retain the spirit of Cube Exclusive, colours and designs are developed in acetate and available in a wide variety of the most popular and trendy colours, as well as attractive forms.

The collection also includes classic metal pieces that were created with the classy woman in mind. Also, a section of the collection has been set aside for unisex eyewear, which has modern forms and elegant metals.

Although having an exclusive label, the CUBE Exclusive collection is incredibly inclusive when it comes to universally accessible designs thanks to its wide selection of excellent frames.
